## Local Briers.

—Dry, windy and warm on Wednesday.  
—The farmers are not all through planting cotton yet.  
—Do your own printing with the Rubber Printing Stamps, manufactured by Saml. D. Fant. Call and see samples of work.  
—Paper car-wheels are now being used on some of the coaches on the Charlotte, Columbia & Augusta Railroad.

—Messrs. Townsend and Steedman, of the Union bar, were in town on Wednesday and Thursday, on professional business.  
—Saml. D. Fant's is the place to buy Cooking and Heating Stoves, Tinware, etc. Call on him, as he will not be undersold.  
—Fine rains in the southern portion of the county on Wednesday afternoon. The wheat crop in that section is reported unusually fine.

—Call at the office of R. J. McCauley & Co. and have your order for the Waynesboro "Eclipse" Grain Separator, the best grain sifter in the market.  
Mar 20

—It would be safe to say that the rains of last week improved the oats and wheat crops in Fairfield county at least ten per cent.  
—J. E. McDonald, Esq., will deliver an address at the closing exercises of the Lowrysville Academy in York county in the early part of next month.  
—The junior editor has accepted an invitation to deliver the medals in the Philanthropic Literary Society of Earskine College at the commencement of that institution in June next.

—Now is the time to give us your orders for the Osborne Reaper or the Osborne Tine Binding Harvester. These are the best harvesting machines made. Sold by  
Mar 20 R. J. McCauley & Co.

—Senator Butler has our thanks for a copy of Senators George H. Pendleton's and John H. Morgan's speeches on "Federal aid to common schools." According to our way of thinking they are both logical and unanswerable.  
—Four negroes were buried in Winnsboro on Tuesday last. The mortality among the negroes in Winnsboro and throughout the county is increasing at an alarming rate despite the efforts at attentive and competent physicians.

—If you want any Stove Pipe Saml. D. Fant will sell for the next thirty days at twenty cents per joint of two feet. Sizes from three to six inches.  
—We are glad to see that Miss O. Thompson is again in town. Miss Thompson proposes to commence a dancing class about the first of June. She will teach all the latest square and round dances. All of the young people should join her class. She is stopping at the Duval House, where she will be pleased to see her friends.

—Messrs. R. J. McCauley & Co. are selling the celebrated Eclipse and Atlas Engines. All parties will save money by giving them a call before buying elsewhere.  
Mar 20

—The BANNER COUNTY.—The Spartanburg *Spartan's* candidates' column shows the names of thirty-seven men who are running for office. In this number there are eight lawyers, nineteen farmers and ten engaged in other occupations.

—AN ICE SUPPLY.—Mr. F. W. Habenicht received from Wilmington, N. C., on Wednesday morning a carload of ice, amounting in all to about 20,000 pounds. Mr. Habenicht has a conveniently arranged and commodious ice house adjoining his billiard saloon, and Winnsboro will be well supplied with this essential during the summer months.

—THE CHESTER FAIR.—The Reporter says of the preparations for the Chester Fair: "A meeting of the directors of the Fair Association was held here on Tuesday last week. It was decided to materially increase the premiums in the live stock department. An increased sum of money will be paid in premiums. It was determined to attempt to raise \$100 in each of the Association counties to prepare a proper exhibit at the New Orleans Exposition."

—COURT.—On the first Monday in June begins the next regular term of the Court of General Sessions for Fairfield county, and by the roster, Judge Pressley is to preside. Judge Pressley has been and is now in very bad health, and it is very likely that there will for this reason be no session here in June. However, nothing definite or positive can be given out at this early day. When an authoritative statement from the presiding judge is received, it will be given to the public.

—STICKNESS.—The physicians in Winnsboro and throughout the county report a great deal of sickness both among the white and colored population. For the existence of so many forms of disease it is difficult to find explanation. The general prevalence of diseases, perhaps, might be attributable to the sultry hotness of the spring days and to local causes. Fairfield county is ordinarily one of the healthiest regions in the State, and before the war Winnsboro was a health resort for hundreds of invalids from the low-country.

—"PLANTATION LAYS"—It is our pleasure to acknowledge the receipt of a nicely bound volume of poems entitled, "Plantation Lays," and written by a talented young member of the Florence bar, Mr. Belton O'Neal.

Townsend. An examination of Mr. Townsend's poetical composition found in this work warrants us in saying that it does credit to the head and heart of the author. The poems are generally simple and at times touching and beautiful. We hope the "Plantation Lays" will find a ready sale in South Carolina.

—PROTECTION TO WOMEN.—Wife-beating is increasing in popularity among the negroes in Fairfield county and every few days we see a colored woman with head and face bandaged and hunting a trial justice. The punishment for a crime so cowardly and heinous is not severe enough in South Carolina or else the law is not vigorously enforced. The whipping-post would be an appropriate penalty for this species of cruelty to animals, the constitution should be amended, and the General Assembly would then do wise to take some such step looking to a change of the law.

—THE LAWYER AND THE MERCHANT.—The Columbia *Register* of the 15th inst. tells of how an attorney in that city "got left" recently. It says: "A merchant in this city marked on his bulletin board, among other articles for sale, 'Pease.' A lawyer saw the word and suggested to the merchant that he should erase the final letter (e), as it was incorrect orthography. The merchant took the suggestion pleasantly, but would not consent to the erasure, as he claimed the word as written to be correct. The lawyer was as confident that it was wrong, and proposed that he and the merchant consult an unabridged authority, and he who was wrong should 'set 'em up' for the four persons present. The merchant agreed, and the lawyer paid fifty cents for one lesson in spelling."

—DEATHS.—On Friday evening last, Miss Margaret, the infant daughter of Mr. and Mrs. W. G. Roche, of this place, died of brain fever, and was interred in the cemetery of the Methodist Church on Saturday afternoon. Our sympathies are extended to the bereaved parents.

—The youngest daughter of Mr. and Mrs. T. V. Lumpkin died early on Sunday morning after a short but painful illness. The remains were interred in the Methodist cemetery on Sunday afternoon. The many friends of the afflicted father and mother will be sorry to learn of this early death.

—COTTON STATEMENT.—The following is the comparative cotton statement for the week ending May 16, 1884: Not receipts at all United States ports during the week 8,688; to same time last year 43,722; total receipts to this date 473,337; to same date last year 5,702,800. Exports for the week 57,258; same week last year 12,072; total exports to this date 49,483; to same date last year 3,501,100. Stock at all United States ports 429,385; same time last year 41,454; stock at Liverpool 997,000; same time last year 960,000; stock of American-afloat for Great Britain 30,000; same time last year 135,000.

—REDUCED RATES.—The public have already been informed of the reduction in the rates charged for telegrams. The latest reduction ranges from thirty to forty per cent. The Western Union has already reduced its rates, to be followed, of course, by a similar reduction of the rates of its new and strong rival the Southern Telegraph Company. The latest fall in rates is also due to this new competition. It is certain that but for the incursions made by the Southern on the business of the Western Union, the latter corporation would never have dreamed of any reduction. It is plainly to the public interest to sustain the competing Company. The Western Union must stand the competition or go under.

—MEETING OF THE TEACHERS.—Another small meeting of the teachers was held in the Court House on last Saturday. Among other things, a letter was read from the Teachers' Association of Chester county, suggesting the election of delegates to a proposed Teachers' Convention at South Carolina. The time and place of meeting has not yet been settled. The consideration of the matter was postponed until the next meeting. Upon motion, Messrs. P. Wardlaw, W. B. Thompson, and W. S. Keller were appointed a committee to report at the next meeting.

—Whether the movement toward a reform of English spelling should be supported.  
2. If so, how great a change is desirable.  
3. What is the Association's duty in this matter.

—There being no further business, the Association adjourned to meet on Saturday, the 14th day of June.

—THE MOVEMENT INAUGURATED.—Pursuant to a notice published in these columns, the County Board of Examiners met in the Court House on last Saturday morning. The meeting was called for the purpose of discussing the propriety of an appropriation from the school fund for the purpose of having a County Normal Institute during the incoming summer. At the meeting a number of teachers were present and upon invitation conferred with the Board upon the subject under consideration.

—It was the unanimous opinion of those present that energetic efforts should be made at once in this direction. After general consultation the following resolution was unanimously adopted:  
Resolved, That a committee of five teachers, consisting of Messrs. P. Wardlaw, W. J. Keller and B. R. Turnipseed, and Misses Nannie Phinney and Lilia Beatty, be appointed and directed to confer with the teachers all over the county upon the subject of the proposed Normal Institute, and obtain the desired information and report to the County Board of Examiners on Saturday, the 7th day of June next, the result of its work.

—A MEMORIAL ASSOCIATION.—It is gratifying to us to be able to announce the organization of a Memorial Association in Winnsboro. Its original purpose was to keep alive the memories of the Confederate dead and to

yearly strow flowers upon their graves; but we feel authorized in saying that the Memorial Association will also undertake the erection of a monument to the dead of the county, as suggested in Thursday's issue of THE NEWS AND HERALD. Mrs. Wm. R. Robertson has been elected president of the Association. Mrs. Francis Gerig second vice-president, Mrs. Preston Brooks third vice-president, and Mrs. D. R. Flenniken secretary and treasurer. The simple determination on the part of these ladies to erect a shaft here to our dead soldiers is in itself a guaranty that it will be done, and at no distant day. All public-spirited gentlemen will co-operate with the Memorial Association in the furtherance of this laudable purpose.

—McLANE AND HIS POLITICS.—The Spartanburg *Herald* says that J. Hendrix McLane was in that city recently. He kept very quiet while there, for he doubtless remembers vividly his visit there in 1882. The *Herald* says the following characteristic colloquy is said to have occurred between the would-be military Governor and ex-Solicitor W. MaGill Fleming:  
McLane—"Fleming, you ought to join our ranks,—you are a Republican."  
Fleming—"I am not a Republican—I am a Radical. You will please state to me your object in this attempted organization."

McLane—"My object is the restoration of honest government. I know that the Democracy is in power through fraud, for in 1876 I helped to steal the votes that elected Hampton."  
Fleming—"If you helped to steal votes to elect Hampton, what in the h—l wouldn't you do to elect yourself, and if you get in power, God only knows when your stealing would end."

—PEET JERONS.—The following is the list of petit jurors empaneled for the June term of the Court of General Sessions, to be: J. O. Nichols, E. K. McQuigley, Belton E. Lyles, John G. Taylor, William J. Johnson, David F. Richardson, Daniel J. Morgan, G. B. Counts, Hunley McConnell (colored), John F. Ratterree, Thomas A. J. Mobley, William H. Williamson, Wm. H. Ruff, Jacob Davis, W. A. Neil, Chas. A. Lucas, Edward P. Mobley, Jr., John T. Nichols, John Bird (colored), William T. McDowell, John A. Desportes, Wade Herndon (colored), Osborne Boney, James Brooks, John W. Russell (colored), William F. Stanton, John P. Matthews, Jr., James R. Stevenson, Munroe Henderson (colored), George G. Wildes, B. G. Tennant, Joseph W. Caldwell, J. Clarence Brice, Benj. Jennings (colored), Edward F. Neil, J. M. Galloway.

—WATER NEEDED.—Just and well-founded complaints have been recently made about the difficulties of procuring water for the teachers and pupils of Mount Zion College. There is neither well nor cistern anywhere upon the college premises and water can only be procured by going two or three hundred yards to one of the public wells on Congress street. This state of affairs is not creditable to the patrons of Mount Zion, and efforts of some kind should be made to have good water within reach of the college. If the Mount Zion Society is unable and indisposed to dig a well or cistern for the convenience of that institution, its trustees should make application to the public school trustees of this school district for an appropriation from the school fund for this purpose. It would certainly be a legitimate expenditure, and we have no doubt but that the trustees would give the matter their thoughtful attention. If this should prove futile, the necessary money might be raised by subscription in town or by an entertainment given for this purpose. We hope that the gentlemen interested in the comfort of their children and in the prosperity of the institution will resort to some of the expedients suggested or to any others that might prove more effectual and secure for Mount Zion College the luxury of good drinking water.

—THE PICNIC AT ROCK CITY.—The special train chartered for the Sunday School "picknicks" rolled up back-wards to the passenger depot promptly at nine o'clock on Friday morning. To the engine of the Rock City Railway were attached three comfortable coaches, but they were insufficient to accommodate the crowd. In an incredibly short time the seats and aisles of every coach were crowded, jammed and packed with merry children, coquetish girls, "spoonies" boys and quiet mothers. After a little resting and blowing the whistle signalled and the fiery horse trotted down the railroad leisurely and with ease. The ride to the Quarry City was pleasant but uneventful, and by ten o'clock the whole crowd was on foot again, and wandering away amid rocks, hillsides and groves. To all the day was pleasantly, and the picnic dinner contributed much to the comfort and happiness of all who were well enough to eat. Some few of the boys and girls fed on the "airy nothingness of love" and rather contemned "substantials." The Citizens Cornet Band furnished excellent music during the day, and it was the general verdict that the band could not have been dispensed with. The novel rock scenes in and around the quarry proved interesting and instructive to the visitors, and when the hour of departure arrived late in the afternoon they were loath to turn their faces homeward. But the issue was walk or ride, and with the eagerness of the early morn, the train was boarded again, and face foremost this time, it sped away towards the Boro. Within less time than an hour the Sunday School crowd was home again, and the picnic at Rock City was over.

—A MONUMENT TO OUR DEAD.—The successful observance of Memorial Day in Winnsboro on Friday, the 9th inst., has suggested to us and others the propriety of taking immediate steps towards the erection of a monument in one of the public squares of our town to the memory of the Confederate dead of the county. If the

suggestion meet the approval of the people we will vouch for the organization of an association in Winnsboro for this purpose at an early day. A monumental shaft, constructed of Fairfield granite, would not only adorn the town, but would fitly commemorate the heroism of our soldier dead. A shaft of the material suggested could be erected for several hundred dollars, and the granite itself is susceptible of a beautiful polish. Once the movement is organized it will be but little difficulty to raise the desired money by subscriptions and by entertainments. It is gratifying to us to be able to state in this connection that a party of young ladies and gentlemen in town has kindly consented to give an entertainment at an early day for the purpose of raising funds for the erection of the proposed monument. This is upon condition, of course, that endeavors in this direction will be made. They have selected for rendition James Sheridan Knowles' beautiful tragedy entitled, "Virginius." It is deservedly one of the most popular plays of modern times, and energetic efforts will be made to entertain whoever may see proper to attend, and in this way contribute to the erection of a Confederate monument in Winnsboro. Let the ladies take the cause in hand and the patriotic undertaking will be successful.

—ANOTHER RESCUE FROM DEATH.—In 1861, when sewing on a machine, my wife was taken with a severe pain in her side, which was soon followed by hemorrhages from her lungs, severe cough, fever and delirium, and she lay on her back in a few weeks was reduced to a living skeleton. Her stomach refused to retain any food and the physician thought one of her lungs was entirely gone. A final consultation of two physicians here gave up the case as hopeless. I tried Brewer's Lung Restorer by advice of one of the physicians and began to improve after the third dose. She continued the medicine and is now in excellent health, and is better than she has been in several years. I believe Brewer's Lung Restorer saved her life. BENJ. F. HARRISON, Statesville, N. C.

—RANDOM RECOLLECTIONS.—[From the Columbia Register.]  
COLUMBIA, S. C., April 10, 1884.  
We have seen, with pleasure, that Edwin J. Scott, Esq., of our city is about to publish his book, which he has appropriately called "Random Recollections of a Long Life." Mr. Scott did us the honor to submit at different times, his manuscript to our perusal, and while some of us did not read all the manuscript, it affords us great pleasure to say that we have read enough of the "Recollections" to say that it is not only interesting in style and narrative, filled as it is with local history and facts, but will be really valuable in preserving facts of a public nature, which should be preserved, and which will soon otherwise pass away, and be forgotten.  
When we recall the fact that this is the work of a man over eighty years of age, we think it a very remarkable production.

—A FEW WORDS FROM CAPT. R. W. BONNER.  
A WELL-KNOWN CITIZEN OF MACON.  
In August, 1881, nearly three years ago, my son, who was at that time living at Clinton, Ga., came over with me with the intention of giving his wife was in the last stages of consumption and that her physician had pronounced her case hopeless. I immediately left my business, and I felt that nothing could be done. She was coughing and spitting incessantly, and at times would discharge from her lungs a large quantity of mucus or matter, and as my son expressed a desire to give to his wife, two or three bottles were procured and given to her to take. In a few days, gradually increasing the quantity until the prescribed dose was reached. She began to improve after a few doses and continued to do so daily, until she was finally restored to life and health, and in a few days she was able to leave her bed, and she was subject to colds, but a few swallows of Brewer's Lung Restorer (which she is never without) relieve her perfect health a miracle, for which she is indebted to Brewer's Lung Restorer. My son is almost a monomaniac on the subject of Brewer's Lung Restorer, and never lets an opportunity pass where he thinks such a medicine would be required, that he does not speak of it in most glowing terms. Not long since a Noble gentleman on his way to Florida heard of this cure and was induced by my son to give it to his invalid wife, and she was cured as if by magic.

Mr. Charles Eden, of Trinidad, Colorado, says: Seeing certificates of the wonderful cures made by Brewer's Lung Restorer, I was induced to try it on my little son, who was troubled with lung or throat affection, pronounced by one physician, consumption. It acted wonderfully on him, and by the time he had taken one bottle of it, the cough disappeared. I am now on a visit to my parents in Georgia, but will return in a few days. I have a son, who certainly takes some of the Lung Restorer with me.

—FOR CLERK OF COURT.—Mr. W. H. KERR is hereby announced as a candidate for re-election to the office of Clerk of Court—subject to the result of the Democratic primary.

—FOR JUDGE OF PROBATE.—Messrs. Editors: Please announce J. R. BOYLES as a candidate for re-election to the office of Judge of Probate for this County—subject to the regulations of the Democratic party.

—FOR CLERK OF COURT.—Messrs. Editors: Friends of JNO. J. NEIL, Esq., very respectfully nominate him for the office of Clerk of Court for Fairfield county, at the ensuing election, fully recognizing his ability to discharge the duties of said office, satisfactorily. This nomination subject to the action of the Democratic Clubs at the primary election.

—FOR STATE SENATOR.—The friends of the Hon. A. S. DOUGLASS would respectfully nominate him for the office of State Senator, submitting his eminent fitness for this responsible position to the decision of the Democratic primary election.

—FOR STATE SENATOR.—Understanding that our present Senator in the Legislature, the Hon. Henry A. Gaillard, has declined being a candidate for re-election at the ensuing election this fall, we therefore respectfully nominate Mr. GEORGE H. McMASTER as a candidate for the office of Senator at the next election, subject, of course, to the decision to be made through a primary selection.

—FOR COUNTY COMMISSIONER.—The friends of Mr. JAMES G. HERON, respectfully nominate him for County Commissioner at the ensuing election, subject to the Democratic primary.
